The Hampshire Field Club and Archaeological Society was founded in 1885 and for over one hundred years has been Hampshire's most active association for the study of the county's past and natural history. It has a regularly issued journal, *Hampshire Studies* (formerly the *Proceedings of the Hampshire Field Club and Archaeological Society*, and still named as such for the purposes of academic references), that publishes articles on natural history, geology, landscape, archaeology, history, historic buildings and industrial monuments.

Articles intended for publication should be sent to Bruce Howard, Secretary HFC Editorial Board, c/o County Planning Depart., Hampshire County Council, The Castle, Winchester, Hampshire SO23 8UE, from whom Instructions for Contributors can also be obtained. Envelopes to Mr Howard should be marked PERSONAL or CONFIDENTIAL. (E-mail bruce.howard@hants.gov.uk). All articles are refereed by academic consultants, and are prepared for publication by a team of subject editors, from whom advice can also be obtained by prospective authors considering the submission of a paper for publication.

Publication of an article in *Hampshire Studies* does not imply that the Field Club endorses the views expressed. Although the Editorial Board endeavours to publish accurate and meaningful research, responsibility for the factual content and opinions expressed remains that of the individual authors.

Grateful acknowledgement is made to the following organisations for their financial assistance towards the costs of production of *Hampshire Studies* 2000.

Hampshire County Council (Graham and others, Roman pottery production and Jennings, excavation of nine Romano-British burials)

Hampshire County Council and Fareham Borough Council (Roberts, two dated monastic buildings)

King Alfred's College (Stedman and Stoodley, early Anglo-Saxon metalwork)

Overton Parochial Church Council (Currie, late medieval seal die)
